

WORLDS FIRST SMART CONNECTED SCOOTER

Model No.: EL-ES03/EL-ES03S/EL-ES03R	Color: optional colors
Motor power: 800W(400W*2)	Max Speed: 15km/h
Battery: LG 18650 5C 36V= 4.3Ah	Maximum loading: 120kg
Adapter: DC 42V = 1.5A (UL, CE, RoHS, FCC)	Range per full charge: 15km
Full Charging time: 2.5h	The tire size: 8.5 inch
Waterproof and dustproof levels: IP54	The chassis height from the ground: 40mm
Product Size: 700*220*230mm	Net Weight : 14kg

OPTIONAL COLORS FOR HUBS

ALL TERRAIN SHOCK ABSORBENT TIRES & ALLOY RIMS

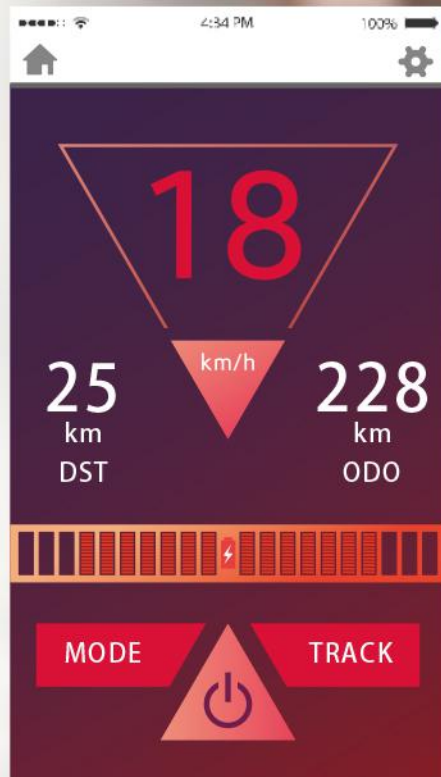

Intelligent safety forewarning: Automatic buzzer alarm warns in dangerous situations like overloading, power overrun, overheating, violent driving & skid etc.. Leaning-backward scooter to prompt deceleration.

Aluminum

Rugged Tires

IT'S SMART! BLUETOOTH CONNECTIVITY

Intelligent safety forewarning: Automatic buzzer alarm warns in dangerous situations like overloading, power overrun, overheat, violent driving & skid etc.. Leaning-backward scooter to prompt deceleration.

Water Resistant

LED Lights

Powered by  **LG**

BUILT IN WIRELESS SPEAKERS, PLAY MUSIC

Intelligent safety forewarning: Automatic buzzer alarm warns in dangerous situations like overloading, power overrun, overheat, violent driving & skid etc.. Leaning-backward scooter to prompt deceleration.

Wireless Music

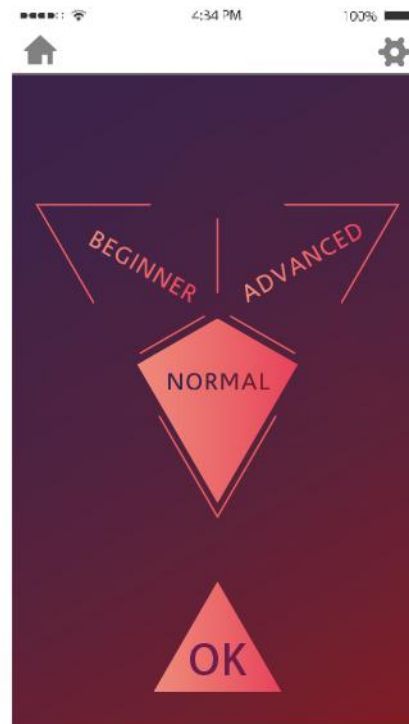

Detachable Battery

BRAKE LIGHT

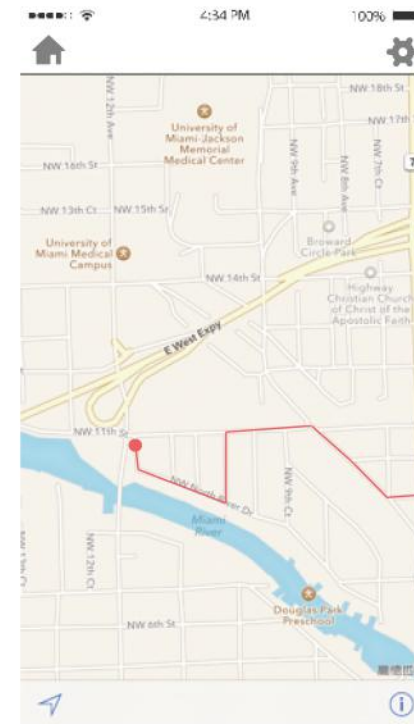

Intelligent safety forewarning: Automatic buzzer alarm warns in dangerous situations like overloading, power overrun, overheat, violent driving & skid etc.. Leaning-backward scooter to prompt deceleration.
